

The 4th Conference on Physics under Synergetic Extreme Conditions held jointly with the Summer School of SECUF (SECUF-2025)

Sunday 20 July 2025

Conference (14:00 - 18:00)

time	[id] title	presenter
14:00	[30] Nonequilibrium and nonlinear terahertz spectroscopy study on superconducting collective modes in YBa2Cu3O6+x and MgB2	WANG, Nanlin
14:40	[31] Post-Pulse-Compression of High Power Yb Lasers and Its Potential in the Era of Attosecond Science	GONG, Xiaochun
15:20	Break	
15:40	[29] Superconducting Re3Ni2O7 thin films and electronic structures	CHEN, Zhuoyu
16:20	[127] Charge Delocalization and Quantum Criticality in Strongly Correlated Electron Systems	PARK, Tuson
